

IN THE SPECIFICATION:

In the previous Amendment filed on Dec. 3rd 2004, the Applicant incorrectly inserted a paragraph at page 7, line 3. The paragraph should have been inserted at page 7, line 6.

To correct this error, please delete the follow paragraph previously inserted at page 7, line 3:

Fig. 7 is a flow chart of a user initiated failover process.

Please insert at page 7, line 6 the following new paragraph:

Fig. 7 is a flow chart of a user initiated failover process.

On Page 7 lines 24-26, please replace the original paragraph with the following amended paragraph:

Also attached to the network cloud 102 is a domain name system (DNS) server ~~132~~ 130. The DNS server ~~132~~ 130 provides name resolution services to other network devices in accordance with an appropriate name resolution protocol.
